About D+H Real Estate Solutions

With over 15 years of experience and 40 board implementations across the country, D+H is the largest provider of solutions for Real Estate boards and associations in Canada.

D+H offers comprehensive and customizable systems for your ever-changing business needs, and each implementation is individual and supported by a project manager.

The 95%+ overall client satisfaction rating over the past 4 years is directly attributable to the professional support provided through the D+H contact centre,

comprehensive training offerings (onsite sessions, eLearning, online help), and regular system wide enhancements, based upon input received at the client advisory board meetings and user group sessions.

Backed by solid network infrastructure and supported by Q9 Networks, D+H clients enjoy one of the country's fastest and most comprehensive systems.

When you become a client, you gain the associated advantages already enjoyed by 40+ boards and associations across the country.

What are the advantages inherent in a D+H Real Estate solution?

All clients automatically gain access to the following:

Inter board sharing: Easy, seamless access to all boards and associations on the D+H system, via our unique inter board sharing feature which you control.

Auto-prospecting: Using the Prospector tool, clients gain access to an interactive auto-prospecting system with real time listing data and a high quality client-facing web portal. The client web portal is a live web site where prospects can view listings, photos and property details, comment on properties which members can read and respond to within the system. Clients can sort, print and more. Listings in the portal are real time and always up to date.

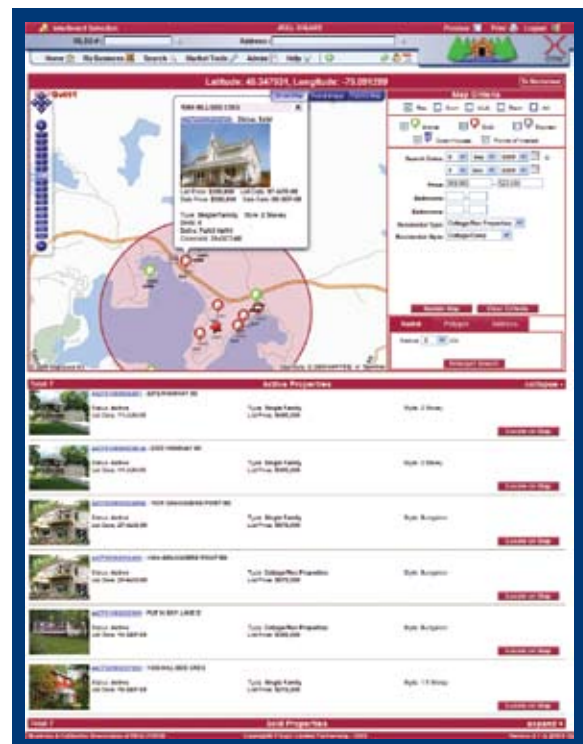

Standard and Customizable search: D+H provides the standard search types, as well as area specific ones, such as cottage, recreational or waterfront, providing increased flexibility for your members.

Communication dashboard: Personalized homepage within the system, designed to provide members with up-to-date content, alerts and messaging from the board and association.

Full support: From contact centre (Monday to Saturday), to sales support, to online help, to system back-up and security; all of our clients can rest assured they are fully supported with a D+H Real Estate solution.

Training: Training programs to meet the needs of our clients, including eLearning, onsite training, and tips.

Comprehensive and integrated solution: The system is fully integrated with real-time mobile access, regional and association forms, and member-level website feeds. For more information about our additional real estate offerings, please see the following page...

Additional offerings...

When you make the decision to use Filogix real estate solutions, there are numerous other offerings that you can take advantage of, including:

MDMS (Mobile DMS) – Gain **real-time** mobile access to listings from any mobile browser. Convenient for those on the go and great for always having the most up-to-date information available.

DMX – Retain the look and feel of member level websites, with **real-time** data feeds of detailed and accurate listing information, directly from the leading provider of MLS® solutions in Canada. DMX's framed data feed protects your data and eliminates the need for redundant data entry of listing information.

Forms – Regional, board and association forms kit that is fully integrated with the MLS® solution. Listing information is **auto-populated** into Forms from the system. D+H also offers a second broker and member load option built into our Forms suite, allowing members to create or load new listings based on your existing data input forms.
